Scouting Report on himself: I feel like I have a good offense and I can pass the ball out of the post to my teammates who cut to the basket. My weakness is just not being patient in the post and playing defense when I get tired.

Scouting Report from AAU coach Justin Albers: Bol has made significant progress this summer. He just started playing basketball two years ago, and he continues to learn every day. He has a soft touch, is learning to play with his back to the basket, and he's rebounding and blocking shots at a much higher rate than he was in the spring. Bol's potential is endless, and he's more than willing to put in the work necessary to be a great player.

On playing for Indiana Elite: I have a different coach from last year, and I have a good team this year. They can shoot the ball well. The coaches always help me if I made a mistake on the play.

Best game ever: When I had 16 points, 10 rebounds and 5 blocks at the adidas May Classic.
