Scouting Report on himself: I am very athletic and I rebound at a high level. I am a good shooter around the perimeter. I also play good defense against both bigger and smaller guys.

Scouting Report from AAU coach Kristof Kendrick: At 6'6, Adida's no fear attitude and superior athletic ability allow him to play taller than what he really is, which makes him a rim protector and a dominate rebounder. In AAU, he has turned into a double-double machine. His mid-range game has improved as he consistently is making 15-17 foot jumpers and is able to attack off one or two dribbles and finish at the rim. Adida will stick on the radar this July because he is not only productive right now, but he hasn't come close to being as good as he can be.

On playing for Indiana Elite: Playing for IE has been really awesome. Not only do I get to play with really good teammates and a great coaching staff, I have also benefited greatly from the exposure the brand gives me.

Best game ever: That would be two months ago at one of our AAU games. We beat a team that had beat us by 25 points weeks before, and I scored 23 points and grabbed 17 rebounds with about 3 blocks and 5 dunks. It was sweet revenge for my time.
