Scouting Report on himself: I'm working to improve my jump shot. I'm knocking down a lot of jumpers that I wouldn't have last year. It has helped me get to the basket much easier because they defense has to respect my shot.

Scouting Report from AAU coach Kristof Kendrick: At 6'6 and blessed with freak athleticism, and natural strength, Jones is another kid with a high ceiling. He is nearly unstoppable in the full court when he gets a head of steam. In the half court he can make 3's consistently, post up, and shoots a high percentage from mid range, making him very difficult to guard. At times he dominates the game on both ends due to his ability to rebound.

On playing for Indiana Elite: It has been great. I love the group of guys we have and I've really become close to a lot of the team. Playing for coach Frank [Kendrick] and Kristof is a lot of fun, too. They give us a lot of freedom but still push us to improve.

Best game ever: My first game with IE Central, we had Koch Bar on our team. It was the summer after my sophomore year and Eli Miller and I both had 25 points, and I had 10 rebounds and 8 assists. We won by 20.
