Scouting Report on himself: I shoot the ball well and I keep trying to become even more consistent. I also always try to work hard to improve my driving, ball handling, defense and rebounding.

Scouting Report from AAU coach Justin Albers: Mark is one of the best shooters in all of the 2017 class, both the state and the country. He's been consistent in his production for us this season, and he always plays hard. As he continues to improve his ability to shoot off the dribble and get to the rim, he'll only get better.

On playing for Indiana Elite: I love the team and we also have a great coaching staff. I always feel that I have freedom to shoot at all times.

Best game ever: I went 7-for-7 on 3-pointers and scored a career-high 24 points against Muncie Central last season.
